INTRODUCTION

This Directory has been compiled for the benefit of those individuals working in or supporting the Forest Products Industry in Montana. The "1992 Montana Forest Products Industry Directory" was produced to facilitate the marketing of wood products at all levels of processing and distribution, from stump to finished product. The directory lists 2 pulp and paper mills, 5 plywood and particle board processors, 6 wood fuel pellet producers, 2 roundwood pulp-chip conversion facilities, 84 sawmills, 44 post and pole manufacturers, 41 log home manufacturers and 171 logging contractors.

Because of the great number of companies and individuals involved in the forest products industry in Montana, and the industry's constant change, this directory may inadvertently omit some forest products processors. The Department of State Lands, Forestry Division would appreciate hearing from any individual or company that this directory omits or lists incorrectly. Please address all correspondence to:

Department of State Lands
Service Forestry Bureau
2705 Spurgin Road
Missoula, Montana 59801
(406) 542-4300

DEPARTMENT OF STATE LANDS PERSONNEL

This does not list completely all State Lands personnel, but it is intended to provide a name and phone number in each area. If these people cannot take care of your needs, they will direct you to DSL's staff who could best serve your needs.

STATE LANDS

Commissioner-----Dennis Casey-----Helena-----444-2074
